Quickstart is a USTA program which utilizes a different format to help younger kids start enjoying the game of tennis right away. The court is reduced in length, the racquets are smaller, the balls are either foam or low-compression (which enhances control), and the net is lower. With a modified scoring system, kids not ready to play a regular game of tennis can begin to rally and play matches almost immediately. Groups will be limited to 6 students or less per instructor. Each session consists of instruction, drills and supervised match play

Fees per session: \$108 / one class per week; \$192 / two classes per week
